

Private Well Safe Drinking Water Workshop

Learn About Proper Management of Private Water Wells and Springs

Did You Know?

Approximately 867,000 people in Connecticut rely on a private water wells for their drinking water. These approximately 344,000 wells are the responsibility of the homeowner. It is up to you to make sure that your well is providing clean drinking water and we want to help!

Interested in Learning More?

The Workshop will provide information on:

- Water well location & construction
- Maintenance and management of existing water wells
- Solving water quality and quantity problems

The Workshop will include live participation in a webinar in affiliation with the Private Well class, performed by Steve Wilson, a groundwater hydrologist from the University of Illinois.

Workshop date: May 12, 2015

Times: 10:00 AM to Noon
(Registration and welcome at 9:30, program begins at 10:00.)

Location:

**Bristol Public Library,
5 High Street, Bristol, CT**

To register: contact Mia McDonald
with RCAP Solutions, Inc. at
508-340-0998 or email:
mmcdonald@rcapsolutions.org

This workshop is funded by the U.S. EPA through a grant to the Rural Community Assistance Partnership (RCAP), a non-profit organization that provides free technical assistance to rural water and wastewater communities.

RCAP Solutions is a regional affiliate of RCAP.
