

COVID-19 VACCINE AND SENIORS

- *Starting the week of January 18, residents age 75+ will be eligible to receive the COVID vaccination.*
- *It will be appointment-based and free.*
- *The State of CT will be releasing more information with details on how to schedule an appointment, either online or by phone sometime prior to January 18.*
- *At that time, the governor's office plans to give out a website for those who qualify to visit and a phone number they can call to help them set up an appointment if they're not able to do it online.*
- *Most vaccinations will occur in public clinics around the state, not in a doctor's office.*
- *Updated information can be found at <https://portal.ct.gov/Coronavirus/covid-19%20vaccinations>*
- *We everyone to be patient. The vaccination campaign will take some time. Appointments will not be readily available, particularly in the early weeks of this campaign.*
- *Below are links where we know those 75+ can sign up for a vaccination appointment now. We will continue to update this list as information becomes available to us.*
 - *Hartford Healthcare – [Click here for additional information](#)*
