**Data Source: CTEDSS and CT DPH; reporting period for two week town level case counts is 11/8/2020 through 11/21/2020**

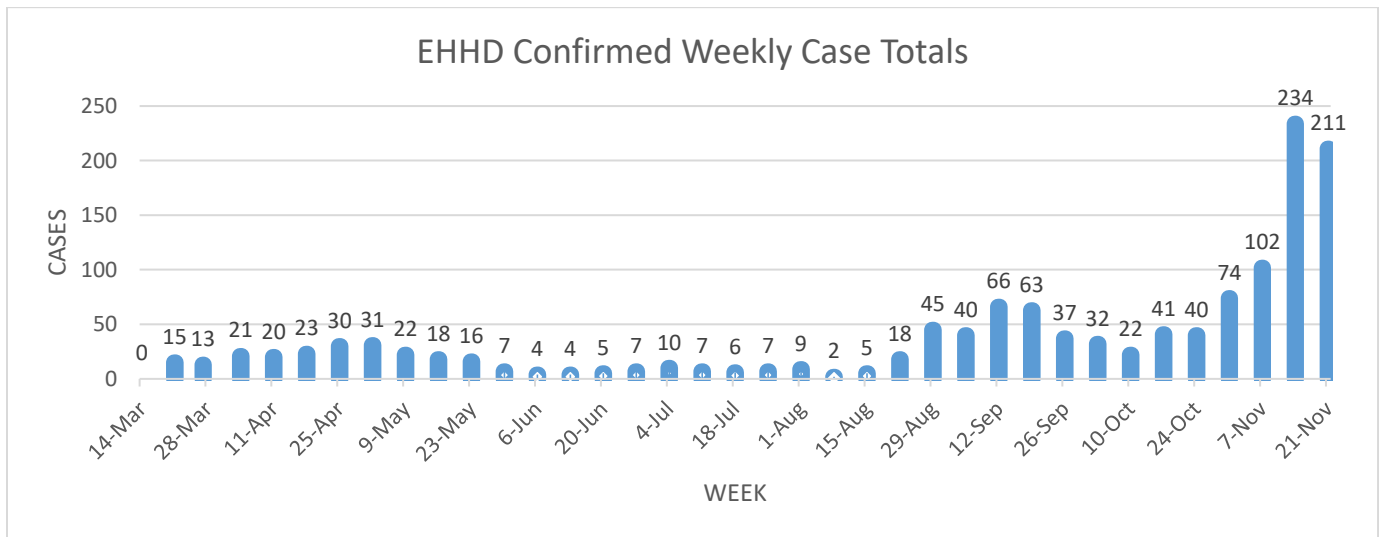

\*This is the current (net) number of hospitalizations. It is not a cumulative count.

++ Likely to be lower than actual resident positive cases due to residents using Baltic and Hampton as mailing address.

NOTE: All counts by town are cumulative and include confirmed cases and antigen-positive cases; also, counts can change from previous weeks due to the state reassigning a case to a different town once further information is gathered on the case, or lab reporting delays.

**Recent EHHD News:**

- The health district has worked with schools on 12 case contact investigations in school settings in the past week.
- The health district arranged for weekly COVID testing on Sunday in Tolland and Vernon, alternating each week between towns. The schedule can be found on our website at [www.ehhd.org](http://www.ehhd.org)
- Our agency has hired a new full-time public health nurse. This person start on December 7, 2020.
- ***The below bar chart indicates a material two week increase in the case prevalence in the within the health district population.***

**NOTE: Counts can change from week to week due to the state reassigning a case to a different town once further information is gathered on the case or lab reporting delays..**
