

**TOWN OF BOLTON  
BOARD OF SELECTMEN  
LOWER BOLTON LAKE  
ACTION STEPS**

Continue Water Monitoring

Ongoing meetings with officials (DEEP, DPH, EHHD)/consultants-need additional testing/results to develop plan of action for all aspects of lake issues

Establish communications plan - website, EHHD

Naiad weeds - recycling center

Consider appointment of Lake Commissioner

Facilitate Lake Association formation:

Communications - circuit rider, email, calling chain, etc.

Advocacy

Resources

Research local waterfowl ordinance

Short term - prepare for possible re-occurrence next year (chemical permit DEEP)

Review prior lake study/information available (ERT)

Consider Consultant - Possible diagnostic feasibility study (in lake water study)

Consider Consultant - Possible watershed management plan (fertilizer, waterfowl, run off, storm drains, etc.)

Funding:

Town Budget

Vernon

State - propose total costs

approved in state budget (July 2013)

State Bond Commission (unknown)

Help from State enhanced by two towns working together and public access points (boat launch & INP)

As approved by Board of Selectmen on 9/4/12
