NOTE: All counts by town are cumulative and include confirmed and probable cases; also, counts can go down from previous weeks due to the state reassigning a case to a different town once further information is gathered on the case.

Recent EHHD News:

- The EHHD conducted two school affiliated case contact investigations in the past week.
- The state announced a new COVID-19 response framework for CT towns based on incidence rates. With a rate of 8 cases/100K, only Mansfield falls within the “Yellow” category. No other member towns fall within the framework at this time. More info can be found at ct.gov/coronavirus.
- The below chart indicates a flattening trend of case prevalence in the past three weeks among the health district population (*Not indicated in the below chart is an up tick in cases observed in the past 5 days.*)

NOTE: Test results may be reported several days after the result. Data may be incomplete for the most recent weeks. Data from previous dates are routinely updated.
